RIOS Quantitative trades the greatest diversity of futures indices I have ever seen and present as a one-stop financial boutique specializing in electronic trading strategy and software development for the trading community. Joe Rios is recognized worldwide as an innovator and developer of quantitative and algorithmic trading strategies and automated systems. Recipient of several industry awards and recognition from large financial institutions including Franklin Templeton Group and Oppenheimer Funds. He is also president of Advanz Analytics, Inc., a professional money management firm registered as a Commodity Trading Advisor (CTA) with the Commodity Futures Trading Commission (CFTC) and a member of the National Futures Association (NFA). Their technology provides traders access to innovative methods to profit from the markets while controlling risk. Joe Rios opens the room in a friendly, relaxed and most informative manner covering pre-market analysis and trade set-ups. He outlines and demonstrates the concepts, methods and tools outlined in an easy to understand step-by-step approach. This room offers ample and diverse trade opportunities.
